

## Staff Bio

### **Dr. Chaima Fekiri**

Lecturer,

Ph.D., 2022, Industrial and Mechanical Engineering

Email: [Chaima.fekiri@adpoly.ac.ae](mailto:Chaima.fekiri@adpoly.ac.ae)

## Education

- PhD in mechanical engineering , 2022, Chungbuk National University
- Bs – MSc. Eng. in Instrumentation and Industrial Maintenance, 2016 , National Institute of Applied Science and Technology

## Short Bio

Dr. Chaima received her a Ph.D in Mechanical Engineering from Chungbuk National University, South Korea in 2022. She has a master's in Industrial Engineering from the National Institute of Applied Sciences and Technology, Tunisia, with a focus on Instrumentation and Industrial Maintenance. Her research interests include additive manufacturing of polymer matrix composites, carbon nanotube-based composites in tactile and pressure sensing applications, and printed electronics and their application. She has publications in international peer-reviewed journals, and presented in 10+ national and international conferences where she received awards and honors. Dr. Chaima also worked on patents and different academic and funded projects with the Korean government and the private sector.
