

## Eng. Anand Gopalakrishnan

Instructor

M.E., 2005, Power Systems Engineering  
(*First Class with Distinction*)

Email: [anand.gopalakrishnan@actvet.gov.ae](mailto:anand.gopalakrishnan@actvet.gov.ae)

### **Staff Bio:**

Anand began his journey with Abu Dhabi Polytechnic's Electro-Mechanical Systems Engineering Technology department in August 2018. Prior to this, he served as the Programme Coordinator for the New Zealand Diploma in Engineering Programme at Queens Academic Group, Aspire2 International, Auckland, New Zealand. He also contributed his expertise as an Instructor in Electrical Power at the Department of Electrical Power Engineering Technology, Yanbu Industrial College, Saudi Arabia, where he led as the Head of the Technical Committee for Electrical Power Engineering. With over 22 years of teaching experience, Anand's career spans across India, North-East Africa, Malaysia, Saudi Arabia, and New Zealand. His extensive knowledge encompasses areas such as Renewable Energy Systems, Electrical Machines, Power Systems, and Smart Grids. Notably, he has mentored numerous undergraduate students in their coursework and project endeavors.
